Student Rights

1. You have the right to know what financial aid programs are available and what the deadlines are for applying for each financial aid program.
2. You have the right to know the allowable costs for tuition, fees, room and board, books, supplies, travel, personal and miscellaneous expenses which are included in your school expense budget. You may also request to itemize your own budget if you follow existing guidelines.
3. You have the right to know what family resources you and/or your parents are expected to contribute in meeting your college costs.
4. You have the right to know how much of your financial need will be met by financial assistance programs after subtracting the expected contribution of you and your parents.
5. You have the right to know how your combination or "package" of financial aid awards will be determined.
6. You have the right to request additional information about each program through which you are receiving financial assistance.
7. You have the right to know the University's refund policies for tuition, fees and room and board.
8. You have the right to know how much of your assistance must be repaid if you withdraw from school before the end of a term.
9. When some of your aid assistance is a loan, you have the right to know what the interest rate is, the total amount to be repaid, the length of time you have to repay the loan, and when repayments are to begin.
10. You have the right to know the University's policy for determining satisfactory academic progress. Further, you have the right to know that if you do not make satisfactory academic progress, your financial aid may be terminated until such time as you have re-established satisfactory progress.

Student Responsibilities

1. You must complete all application forms accurately and provide correct information. Your financial assistance will be withheld until the Student Work and Financial Assistance (SWFA) Office is satisfied that all required information has been accurately submitted and verified to the satisfaction of a financial aid counselor.
2. You must be aware of and comply with all deadlines for application or reapplication for student aid.
3. You must furnish all additional documentation, verification, corrections, and/or new information requested by either the financial aid office or the funding agency to which you have submitted your application.
4. You must accept responsibility for all financial aid agreements that you sign.
5. You must perform the work that is agreed upon when accepting the Work-Study Award.
6. You should be aware that you may not receive a refund for tuition and fees after the first three weeks of classes at SIUC. In addition, you should be aware that if you withdraw from school before the end of the term, you may have to refund some of the student assistance you have received for that term.

Student Work and Financial Assistance

Southern Illinois University
at Carbondale

This brochure is intended to provide information about financial assistance opportunities available to you while attending Southern Illinois University at Carbondale (SIUC) during the 1981-82 academic year. In it, you will find how to apply for financial assistance and other basic information about financial aid procedures at this university. For further information, contact the Student Work and Financial Assistance (SWFA) Office, located in Woody Hall, Third Floor, B Wing, from 8:00 to 4:30, Monday through Friday.

How Will Your Financial Aid Be Determined?

Financial aid is usually “packaged” as a combination of grants or scholarships, student employment, and/or loans. The total amount of your financial aid package is based upon your financial need, which is the difference between the typical cost of attending SIUC and the amount you and/or your family are expected to contribute. Your expected contribution is based on several factors, including income, assets, debts, and family size. If you qualify as an independent student, then only your financial resources are considered (including your spouse's, if married). To determine the family's expected contribution level, it is necessary that you complete and submit an American College Testing/Family Financial Statement (ACT/FFS) each year. You must have a current ACT/FFS on file in our office in order to be eligible for on-campus employment and to determine if you are eligible for other types of financial aid.

How to Apply for Financial Aid at SIUC

To allow adequate time for your financial aid request to be processed before fall classes begin, your American College Testing/Family Financial Statement (ACT/FFS) for the 1981-82 academic year must be completed and mailed to ACT by April 1, 1981. Applications mailed after April 1, will be processed on a funds available basis. You must submit an ACT/FFS each year to re-establish your eligibility.

Step 1. Complete and mail an ACT/FFS as soon after January 1, 1981, as possible, but *no later than April 1, 1981*, to be assured priority processing for Campus-Based Aid. It takes approximately four to six weeks for this form to be processed and forwarded to our office. You must complete Section H of the ACT/FFS form in order to indicate your aid preference. The ACT/FFS school code for SIUC is 1144.

Step 2. All undergraduate students applying for financial assistance at SIUC should apply for the Pell (Basic) Grant, (formerly known as the Basic Educational Opportunity Grant, BEOG). Mark question 74a to both apply for Pell (Basic) Grant and to have SIUC receive the results of your need analysis. SIUC must receive the results of your need analysis from ACT before you can be considered for Campus-Based Aid or participate in the Student Work Program. (You must include the ACT processing fee and enter SIUC's school code 1144.)

Step 3. All undergraduate Illinois residents who are applying for financial assistance at SIUC should apply for the Illinois State Scholarship Commission Monetary Award (ISSC). A separate application other than the ACT/FFS is necessary. You are encouraged to apply well in advance of application deadlines, since these funds may be limited.

Step 4. Financial assistance for the summer semester is usually awarded to continuing students who have received any of the following types of aid for one or more semesters during the preceding academic year: Pell (Basic) Grant (BEOG), National Direct Student Loan (NDSL), Supplemental Educational Opportunity Grant (SEOG), College Work Study (CWS), or SIUC Tuition Waiver. Other financial aid that may be available includes guaranteed loans, student work, VA benefits, and Student to Student Grants (STS). Contact your financial aid counselor during spring semester for detailed information concerning summer financial aid.

Estimated Cost of Attending SIUC

SIUC has several established budgets which are based upon dependent or independent status, residency status, marital status, and the number of dependents in the family. When comparing college costs it is extremely important to review all components which make up the total budget: tuition and fees, room and board, books and supplies, personal and miscellaneous expenses and transportation. Please be certain that all the above items are included when comparing total college costs.

Our same budgets identify *all* anticipated expense categories and estimate the total cost of attendance at SIUC. These budgets are designed to provide a modest but adequate lifestyle and may be considered typical for most students attending SIUC in 1980-81. Budgets for 1981-82 will be slightly higher.

<i>SIUC 1980-81 Student Budgets</i>	on-campus	off-campus
Single, dependent, 8 months		
tuition and fees (in-state)	\$ 942	\$ 942
room and board	1,800	2,070
books and supplies	260	260

books and supplies	260	260
personal, miscellaneous	970	970
transportation	520	520
Total	\$ 6,008	\$ 6,478

Note: Unusual expenses relating to education may be evaluated and reviewed by a financial aid counselor using the Itemized Expenses Form and other required documentation. This may result in a change in your basic budget. Contact your financial aid counselor for further information.

Requirements for Transfer Students

If you are transferring from another college or university to SIUC, your financial aid does not automatically come with you. As soon as possible, check with our office to determine if the student assistance that you have received at your school will be available to you while attending SIUC.

You must have a financial aid “transcript” indicating all

financial aid received from your present school sent to the Student Work and Financial Assistance (SWFA) Office at SIUC. Financial Aid Transcript forms may be obtained in our office. If you wish to continue a National Direct Student Loan (NDSL), a Supplemental Educational Opportunity Grant (SEOG), or qualify for a Work-Study job, you must reapply for these at SIUC. If you have previously had a Guaranteed Student Loan, you should check with your lender to make sure you may continue your loan at SIUC.

If you are transferring at any time other than the fall semester and you have a Pell (Basic) Grant (BEOG), you must obtain a duplicate set of your Student Eligibility Report (SER) to submit to our financial aid office. If you are a recipient of the Illinois State Scholarship Monetary Award (ISSC), you must notify the Illinois State Scholarship Commission of your plans to transfer to SIUC. The amount of your award will then be recomputed and adjusted based on the costs of attending SIUC.

Criteria for Determining Financial Aid Status

The following provides you with information about the criteria which determine your status as an independent or dependent student.

Independent Student Status

To qualify as an independent student for the 1981-82 year, you must be able to meet all of the following conditions for each of the calendar years of 1980 and 1981.

1. You cannot be claimed by your parents as a tax exemption,
2. You cannot live with your parents for more than six weeks,
3. You cannot receive more than \$750 of support from your parents for ISSC calculations, (\$1000 for ACT/FFS calculations).

You must be able to demonstrate your means of financial self-support upon request.

You may also be asked to furnish copies of your parents' IRS tax returns to substantiate your status as an independent student. If you meet all of the above criteria, you will be asked to provide a notarized statement of self-support after which you will be classified as an independent student. As such, your financial need while attending SIUC will be based only on your income and assets (including your spouse's, if married).

Dependent Student Status

If you do not meet *ALL* of the above criteria for self-supporting students, you will be classified as a dependent student. As such, determination of your financial need while attending SIUC will be based on both your parents' and your income.

In-State vs. Out-of-State Status

If you are paying out-of-state tuition and have now moved to Illinois as a permanent resident, you may apply to have your residency changed to in-state. In order to change your residency status you must:

1. Have resided in Illinois for at least 90 days.
2. Complete a residency application in the Office of Admissions and Records. Attach to the application concrete evidence that you have lived in Illinois for at least 90 days. This evidence may include such items as housing contracts, rent receipts, utility bills, etc.
3. Present a valid Illinois driver's license (students who do not drive may present a valid Illinois voter registration card).
4. Present any other evidence that shows you are an Illinois resident, such as tax receipts, automobile registration, or a statement from your Illinois employer.
